

# Breathing Better NZ Limited

## **AIR** PURIFIER

Operating Manual

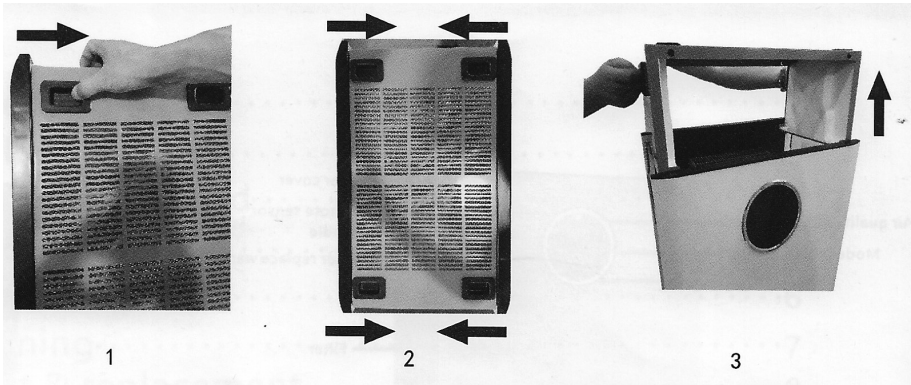

### BB900 X-Large Air Purifier

- Thank you for purchasing our product, please carefully read the operating manual before use
- If you have any questions, please contact us at [info@breathingbetter.co.nz](mailto:info@breathingbetter.co.nz)

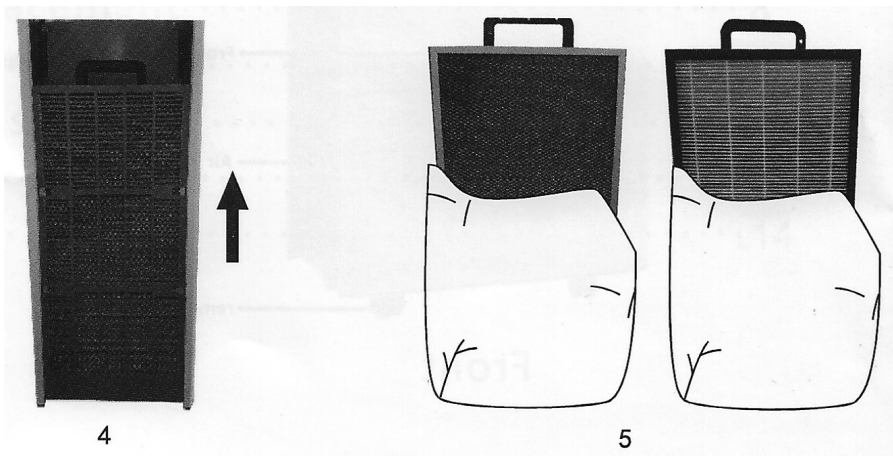

Remove all packaging from the unit

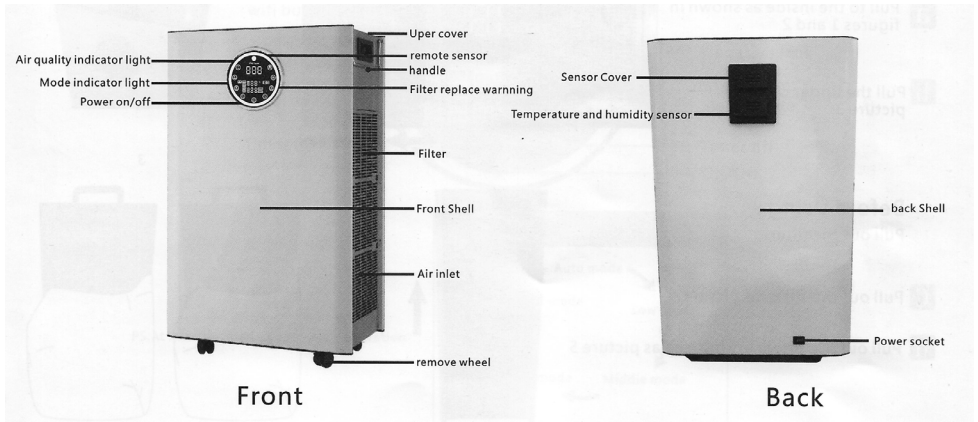

## Open the filter locking cover.

1. Pull the lock levers to the inside as shown in figures 1 and 2
2. Pull the upper cover as shown in figure 3

3. Pull out the filter as shown in figure 4
4. Remove all packaging from the filter.
5. Replace the filter and cover

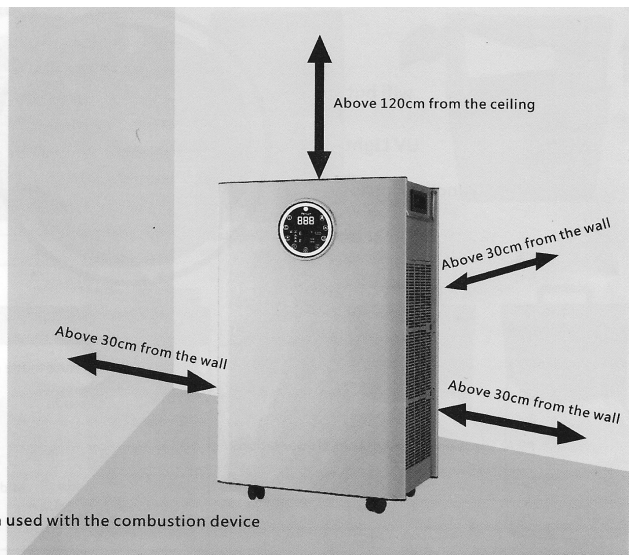

## Positioning the unit

### About Setting

In order to give full play to the original performance of the product, please keep a proper distance from the wall and other things when using it.

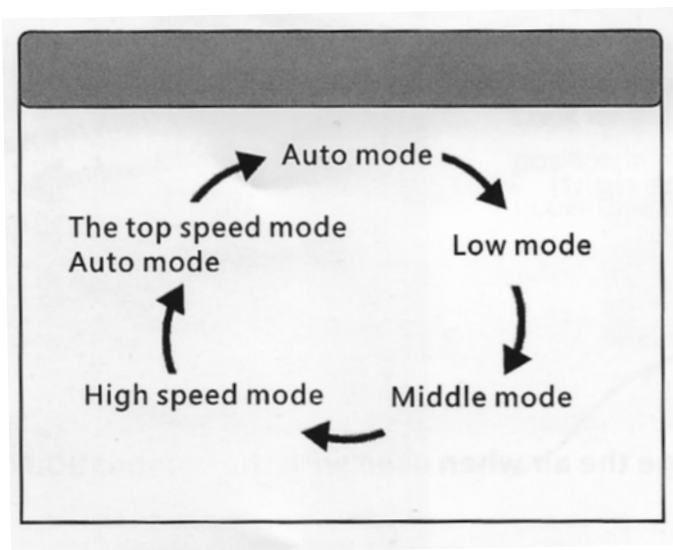

(As shown in the figure on the right)

Please ventilate and exchange the air when used with the combustion device

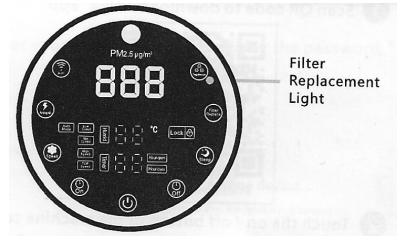

Each press of the function button cycles through the below functions

# Filter Replacement

The filter replacement light will turn red when the filter needs to be replaced.

On average a filter will last about 1 year.

After replacing the filter, reset the filter replacement warning by pressing and holding the **filter replacement button** for 5 seconds.

Only use the filters supplied or provided by **Breathing Better NZ** in your Air Purifier.

Your Air Purifier Filters are: **BB900F X-Large Purifier Filter**

Order your replacement filters online at [www.breathingbetter.co.nz](http://www.breathingbetter.co.nz) or email us at [info@breathingbetter.co.nz](mailto:info@breathingbetter.co.nz)

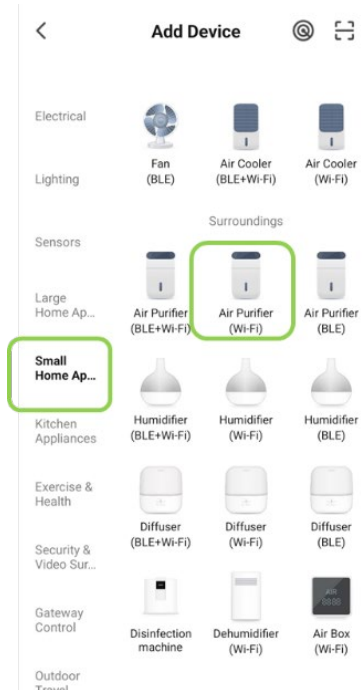

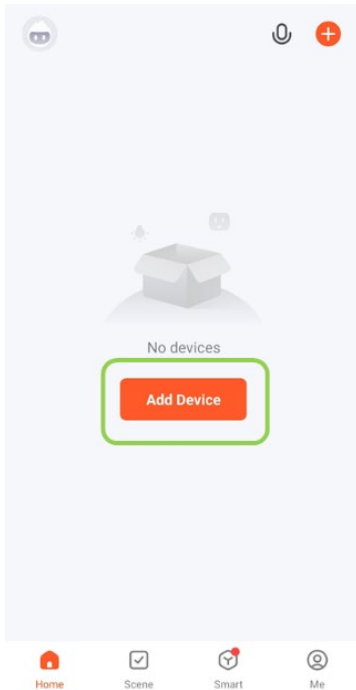

Tuya Smart

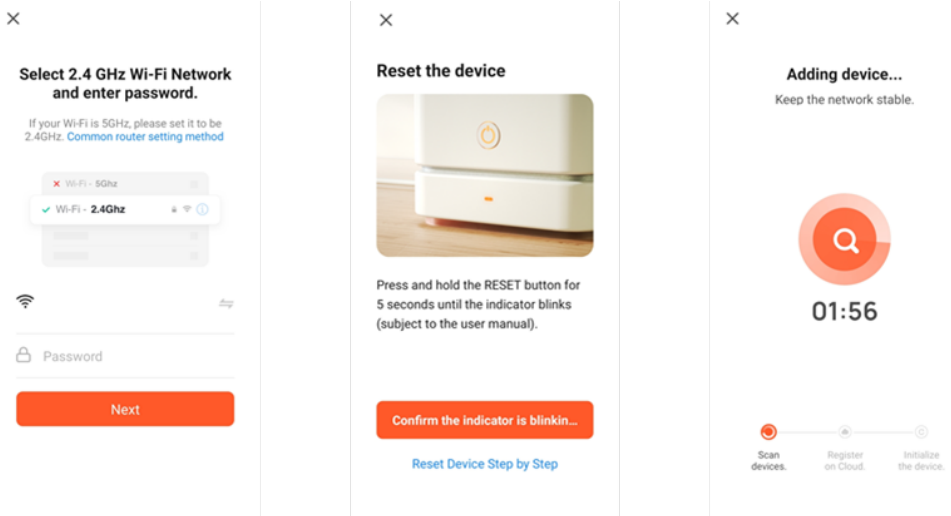

1. Scan the QR Code below to download the Tuya Smart App.

2. Touch the on/off button on the machine, then touch the Wi-Fi button for 3-5 seconds. When you hear a buzzer sound release the button. The wi-fi button will flash.
3. Open the Tuya App and complete registration.
4. On the next page select Add device, then select Small Home Appliance, and Air Purifier.

5. Enter your 2.4GHz Wi-Fi network name and password, confirm that the Bluetooth on the unit is enabled and then select your unit in the following screen

6. After successful connection, click on Done.
7. You can now use the app to control the unit.

Please check this table for before contacting us should your unit not be working as described.

Problem	Possible Cause	Try this...
<b>The unit is not working</b>	Power cord is not plugged in/there is no electricity	Plug in the power supply / check the power supply is working
	Unit is not turned on	Touch the 'On/Off' button
<b>The purification effect is poor</b>	Air inlet/outlet is blocked	Clean the filter using a soft brush to remove particulates.
	Wrong installation of the filter direction	Reinstall the filter the correct way.
	The filter is too dirty	Replace the filter
<b>Air volume is small</b>	Filter may be dirty	Replace the filter
	Packaging not removed	Ensure all packaging is removed
<b>Abnormal noise from unit</b>	Ensure all packaging is removed and check for damage to the unit	
	Ensure the air inlet and outlet is not blocked by anything, and clean it if needed.	
	While the negative ion function is on, "fizz" sound is normal.	

If above corrective actions do not solve the problem, please contact Breathing Better NZ. For safety, please do not disassemble the unit and maintain by yourself to avoid damage.
